

# SS INSTRUMENTS

MANUFACTURERS OF TEST AND MEASURING EQUIPMENTS

# 96, 4TH CROSS, 2ND MAIN, INDUSTRIAL LANE, NEAR SAI MANDIRA, KAMAKSHIPALYA, BANGALORE 560079

## Precision Cables & Connectors

**BNC • MICRODOT • LEMO**

We are manufacturers of high-quality precision cables and connectors designed for industrial, testing, medical, and automation applications. Our products are built for durability, signal integrity, and reliable performance.

### Our Product Range

- BNC Connectors & Cable Assemblies
- Microdot Connectors & Cable Assemblies
- Lemo Compatible Connectors & Cable Assemblies
- Custom Cable Harness Solutions

### BNC Cables & Connectors

#### Features

- Secure Bayonet Locking Mechanism
- Excellent RF Signal Transmission
- Durable Metal Construction
- Available In Multiple Cable Lengths

#### Applications

- Test & Measurement Equipment
- Broadcast Equipment
- Industrial Automation

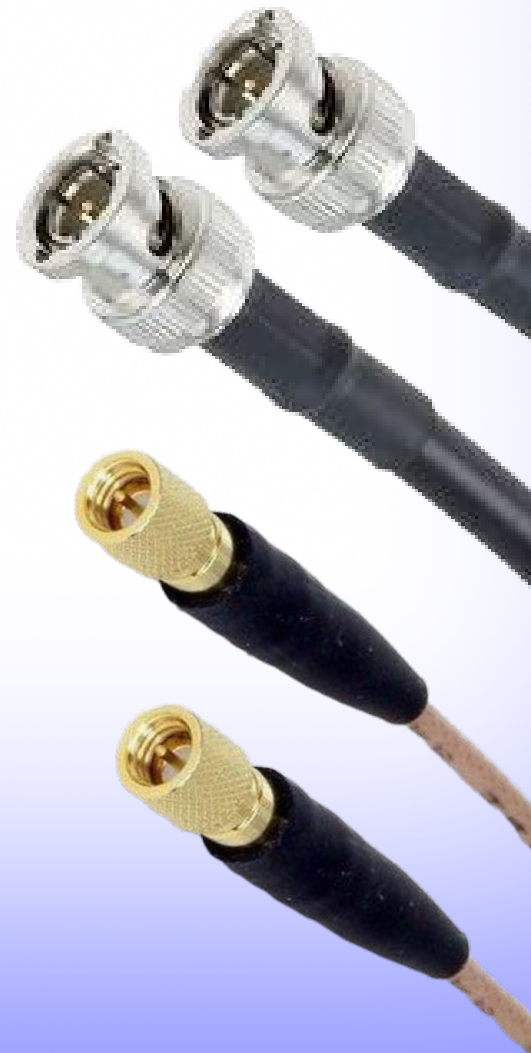

### Microdot Cables & Connectors

#### Features

- Compact And Lightweight Design
- High Precision Connectivity
- Low-Noise Signal Transmission
- Reliable Locking System

#### Applications

- Sensors & Instrumentation
- Medical Devices
- Aerospace Applications
- Laboratory Equipment

## Lemo Compatible Cables & Connectors

### Features

- Push-pull self-latching system
- High-density pin configurations
- Robust shielding
- Premium performance

### Applications

- Medical Equipment
- Broadcast Systems
- Defense & Aerospace
- Industrial Electronics

## CUSTOM MANUFACTURING SOLUTIONS

We manufacture custom cable assemblies as per customer drawings and technical specifications.

### Available Customization:

- Cable Length
- Connector Type
- Shielding Options
- Pin Configurations
- Jacket Materials
